EDUCATION

Banaras Hindu University

Master of Computer Application

SGPA: 8.45

Varanasi Uttar Pradesh

August 2024 - Present

Prof. Rajendra Singh (Rajju Bhaiya) University

Bachelor of Computer Application

Percentage: 69.59%

Prayagraj Uttar Pradesh

July 2019 - October 2022

Brij Behari Sahai Inter College

Intermediate

Percentage: 79.3%

Prayagraj Uttar Pradesh

July 2017 - April 2019

Brij Behari Sahai Vidya Mandir

High School

CGPA: 9.4

Prayagraj Uttar Pradesh

July 2015 - July 2017

EXPERIENCE

Indian Institute of Technology, Bombay | Internship

Remote | March 2022 - February 2023

- Contributing to a project focused on digitizing.
- Sanskrit literature by converting old Sanskrit books into a digital format.
- We use OpenOCR software for this operation, which turns the Sanskrit document into editable text format.

SKILLS

Programming Languages:

Python, JavaScript, Java, C, NodeJs

Frameworks:

Flasks, TensorFlow, PyTorch, Selenium, BeautifulSoup, Scikit Learn

Tools / Platforms:

Power BI, Google Cloud Platform (GCP), Microsoft Azure, Postman

Databases:

SQL, MongoDB

PROJECTS

AI-Based Customized Time-Slot Delivery System | Link

Python, Machine Learning

- Selected for **Smart India Hackathon 2024** as part of a team developing an **AI-driven system** for dynamic parcel delivery scheduling.
- Focused on **AI model development** and **backend implementation** to optimize scheduling based on sender and receiver availability.
- Improved data quality by **33%** through preprocessing techniques such as handling missing values and encoding categorical variables.

Kidney Disease Classification | Link

Python, Convolutional Neural Network (CNN), ML Flow

- Leveraged **deep learning (CNNs)** to develop a model for classifying kidney diseases from medical images (e.g., Xray image).
- Achieved **90% accuracy** in identifying various kidney conditions.
- Utilized TensorFlow for model development and training.
- Employed **image preprocessing** techniques for data preparation.
- Implemented **evaluation metrics** (accuracy, precision, recall, F1-score) to assess model performance.

CERTIFICATIONS

- 1 Year Data Science Masters Certification - **P.W. Skills**
- Computer Vision - **Kaggle**
- Data Analysis with Python - **IBM**
- Databases and SQL for Data Science with Python - **IBM**
